

Newcrest is committed to procuring, delivering and managing goods and services in a way that aligns to Newcrest's Vision and its aspirations across five key pillars of Safety & Sustainability, People, Operating Performance, Innovation & Creativity and Profitable Growth.

High-
performance

To achieve this Newcrest will:

Safety and Sustainability

- Engage and support suppliers to ensure our safety, health and environmental objectives are met.
- Prohibit conduct by our suppliers and in our supply chain that could constitute, or appear to constitute bribery or corruption.
- Recognise and incorporate risk management and our sustainability commitments (including human rights) in supplier selection and contract management.
- Engage and contract only with suppliers who commit to comply with applicable laws.
- Conduct procurement processes that integrate sustainability criteria into evaluations and work with suppliers across the supply chain to contribute towards Newcrest's sustainability aspirations.
- Not engage in or condone forced or compulsory labour, other forms of modern slavery or child labour, and work to ensure that these are not present in Newcrest's supply chain.

People

- Collaborate effectively with business partners and stakeholders through an agile and value driven approach to Procurement activities.

Operating Performance

- Comply with all Newcrest systems, policies and standards when managing suppliers, goods and services.
- Hold our suppliers accountable to the contractual intent and their obligations under the contract.

Innovation & Creativity

- Partner with our suppliers to improve safety and performance through continuous improvement and innovation.

Profitable Growth

- Focus on safely minimising total cost of ownership and maximising value.
