

Communities

Newcrest has a vision to be the Miner of Choice for the communities where it explores or operates.

Newcrest will apply the following principles in dealings with these communities:-

- Identify the cultural values, traditions and beliefs of the communities, including indigenous peoples, and respect and respond to those values and belief systems
- Be open and transparent in all dealings with communities and in describing and explaining potential social and environmental impacts that might occur
- Seek broad community support for our activities
- Commit to developing long-term partnerships that are mutually beneficial over a life of mine time scale
- Ensure that communities are fairly compensated for impacts and obtain a fair share in the benefits generated by a development
- Work to apply internationally recognised principles of best practice in all fields of endeavour
- Newcrest will at all times adhere to the laws and regulations of the country in which it is operating

All Newcrest employees, contractors and sub contractors will be required to give effect to these policy commitments.
